

# Alana Fairchild's SOUL GUIDANCE & SACRED MENTORING™

## Frequently Asked Questions for Online Training

### **Can I do the training if I live in a different time zone to Alana?**

We have created the training so you can complete the work in your own time, with flexibility. No matter where you are in the world, as long as you have internet access to download the materials, you can complete the training.

Once each module begins, there will be video, MP3 audio, and PDF documents for you to download and watch, listen to and read for that module. You can do this in your own time, and we will email you a student guide at the beginning of the course so that you can manage the timing of your studies and keep up with the pace of the program.

### **Do I get live contact with Alana during the training?**

Alana (and the senior training advisor Dr Jo Boney) will be available for mentoring as an optional extra for online training students. There is a special student discount rate for this which you will see in the private consultations section of Alana's website at [www.alanafairchild.com](http://www.alanafairchild.com). Alana will be available on Skype for mentoring, with online students getting priority in her schedule.

Included in the training program itself will be an online completion event, conducted by Alana, at the end of the program. Alana may create additional audio or live online sessions during the program if she feels it is needed. These sessions will either be pre-recorded so you can hear them any time, or if offered as a webinar event in which you may wish to participate live. Please note that our trainees hail from many different countries worldwide. We do our best to schedule live sessions so that trainees from as many different time zones as possible can attend.

The private Facebook group for training is an important way to stay in touch with your classmates and receive regular guidance and additional instruction from Alana. Even if you don't use Facebook for anything else, we strongly suggest that you add an account and join the group. It is free, and it has been our experience that the Facebook group is very active. Some members prefer to simply read through the content, whilst others share photos, stories and experiences. For all involved, it can be a rich forum for learning and bonding as a group. Alana is also active on that page, answering questions and offering guidance. You will be emailed with instructions on how to join that group upon your enrolment.

## **How do I know if this program is right for me?**

We believe that you'll know if this program is meant for you, because something inside of you will just want to do it. You might not know why, but when you are attracted to the program, we genuinely feel that there is a divine reason for that. Trust it!

Your mind may doubt but when your heart speaks, listen. If your intuition is urging you, then we encourage you to take the leap of trust and join us.

## **I am not sure about being a healer, but I still want to do the training. Is this OK?**

Absolutely! The program has been designed to offer benefit personally and spiritually whether you choose to practice as a professional healer later on or not. If you are attracted to the training, then we feel that this is because you need the frequency of it. It has been designed to support and assist you in many ways and you are just as welcome to enrol if you are doing this 'just for you' as you are to enrol if you want professional training as a healer.

## **What can the training do for me?**

Professionally, this training has been created to empower you to begin or enhance your career as a healer and teacher working with spiritual energy to help others grow and heal spiritually. It is designed to help you learn how to earn an income doing meaningful work that you love.

As a licensed Soul Guidance and Sacred Mentoring practitioner you will be taught how to conduct one-on-one healing sessions using the SGSM modality, and how to conduct group mentoring workshops using the modality, if you wish to do so.

Upon successful completion of your year's training, you will be able to apply for professional insurance and be supported by our team in further developing your spiritual healing skills if you choose. We want to see you succeed and the program has been created to support you in many ways to become all that you are divinely destined to be.

Trainees have shared with us that opening up to this sacred work has attracted some amazing experiences and opportunities into their lives. We believe that you can grow more confident, clear, committed and respected on your professional spiritual path through the training. We also believe that the world needs you to be brave, to believe in yourself and trust in all that you were born to become.

On a personal level, this training is intended to support your own growth and spiritual development. You will learn skills and knowledge that you can use in your daily life as well as in the healing room. Part of Alana's philosophy is that training is not just about the work that you do as a healer, but about how you live your life. We envision that you'll grow in many ways that are loving, empowering and appealing through exposure to the higher level guidance that is at the heart of this training program, whether you dream of being a professional healer or simply want to complete the training as a gift to yourself for your own divine journey.

## Refund Policy

We make no guarantee regarding the training other than any implied consumer guarantees that cannot be limited by law. In Australia, rights to compensation are governed by the Australian Consumer Law. For example, if the delivery of a training module does not correspond with our description or other consumer guarantee, you have the right to request we provide the service again or receive a refund of the fees paid in respect of the module. You are not entitled to cancel the training and receive a refund simply because you have changed your mind. We will consider any application for a refund on a case by case basis.

## **Do I need special materials to do the training?**

You'll need a computer with internet connection to download your training materials and be able to communicate with us by email or Skype.

You'll also need your training materials which are an extra cost, not included in the course fee. Your training materials will get you through the entire year of training and support you in running the workshops with your clients (which you'll learn in module four). They are a great investment which will last you for as long as you wish to practice the modality.

If you already own some of these products, then just add what you need to complete your kit. You are welcome to order them all at once, or just by module as you go, however please leave enough time to allow for postage - especially if you live outside of Australia or in a rural area. If you prefer to purchase all the course materials as downloads, to reduce cost and remove postage time, you are welcome to do so. At this stage the only item that you will need in hardcopy is the Crystal Mandala Oracle deck. The books, meditations and sacred music, as well as audio versions of the healing processes in the books, are all available as a download off iTunes or CD Baby.
